The Ontario Energy Board (OEB) has issued its Notice of Application regarding an application by Hydro One Networks Inc. (Hydro One) and Waasigan Transmission LP (WTLP) for various approvals in connection with the Waasigan Transmission Line Project.

Specifically, Hydro One and WTLP have applied to the OEB for approval to:

- Secure a transmitter licence allowing WTLP to own, operate, and maintain transmission assets in Ontario
- Transfer certain transmission assets from Hydro One to WTLP
- Use Generally Accepted Accounting Principles (United States) as WTLP's accounting standard for regulatory purposes
- Establish a deferral account to record WTLP's revenue requirement prior to its inclusion in Ontario Uniform Transmission Rates

You are receiving this Notice pursuant to the OEB's Letter of Direction dated April 20, 2026, which requires Hydro One and WTLP to serve the Notice and application materials directly on all registered intervenors from the previous Leave to Construct proceeding EB-2023-0198.

Hydro One and WTLP have requested that the OEB dispose of this application without a hearing under section 21(4)(b) of the *Ontario Energy Board Act, 1998*. Before making its determination, the OEB is canvassing for comments on the need for a hearing.

If you wish to submit comments on whether a hearing is required, they must be received by the OEB no later than **April 30, 2026**.
