Dear Simon Wu;

**Re: Rideau St. Lawrence Distribution (RSL)
2027 Cost of Service Application
Ontario Energy Board File Number: EB-2026-0069**

Further to the Ontario Energy Board's (OEB) acknowledgment letter dated May 1, 2026, the OEB has completed its preliminary review of your **2027 Cost of Service Application** and will now commence the processing of your application. The next steps will be communicated in due course.

Pursuant to Chapter 1 of the [OEB's Filing Requirements For Electricity Distribution Rate Applications](#), RSL has confirmed that the documents it has filed in support of the above referenced application do not include any personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*) that has not otherwise been redacted.

RSL is reminded that it is responsible for ensuring that the documents it files with the OEB, such as its evidence, responses to interrogatories and any other supporting documentation, do not include personal information (as that phrase is defined in the *Freedom of Information and Protection of Privacy Act*), unless filed in accordance with rule 9A of the OEB's *Rules of Practice and Procedure*.

RSL has applied to the OEB to have its application reviewed under the OEB's Small Distributor Process. This process is aimed at reducing the regulatory burden associated with filing and reviewing major rate applications for small utilities (i.e., electricity distributors with fewer than 20,000 customers), subject to certain criteria. The OEB will make a decision on RSL's request at a later date.

Please direct any questions relating to this application to the Case Manager Arlene Bernardo, at 437-880-8931 or Arlene.Bernardo@oeb.ca.

Yours truly,

Ritchie Murray
Registrar
