Attention: Acting Registrar

Dear Mr. Murray,

**Re: Enbridge Gas Inc. ("EGI")
2024 Rebasing – Phase 3
Board File No.: EB-2025-0064**

We are counsel to Minogi Corp. ("**Minogi**") in the above-noted proceeding. Minogi wishes to provide its support for Pollution Probe's motion dated July 18, 2025, requesting further interrogatory response from EGI related to Issue 13 (c) and 13 (d) (the "**Motion**").

Minogi supports the Motion as reasonable and consistent with the intent of the approved Issues List for the proceeding, particularly as it relates to Integrated Resource Planning ("**IRP**"), an area of interest for Minogi that was carried forward from prior phases of EGI's rebasing application and that was intended to be addressed during this phase.

Minogi agrees that a comprehensive evidentiary record is important to ensure that the OEB and all parties in the proceeding are able to assess whether EGI has appropriately responded to prior OEB directions and other commitments made by EGI in prior phases and settlement agreements.

Accordingly, Minogi supports the Motion and Pollution Probe's request that Enbridge provide supplemental responses to its interrogatories in order to ensure a complete record in this proceeding.

Sincerely,

A handwritten signature in black ink, appearing to read "Daniel Vollmer".
