IN THE MATTER OF the *Ontario Energy Board Act, 1998*,
S.O. 1998, c. 15, Schedule B;

AND IN THE MATTER OF an application pursuant to
section 74 of the *Ontario Energy Board Act, 1998* by
6732976 Canada Inc. to amend its electricity generator
licence.

By delegation, before: Jennifer Lea

DECISION AND ORDER

6732976 Canada Incorporated (operating as Pod Generating Group) ("Pod") filed an application under section 74 of the *Ontario Energy Board Act, 1998*, for an order of the Board to amend its electricity generator licence EG-2007-0684 to reflect changes to the list of facilities listed on Schedule 1. The application was received by the Board on November 7, 2008.

On November 14, 2008, Pod filed additional information to complete its application by providing the Board with supporting documentation with respect to its proposed changes.

Pod requested the addition of five facilities to the list of facilities on Schedule 1 of its licence. Pod has completed a Connection Impact Assessment with the relevant distributor and entered into a power purchase agreement with the Ontario Power Authority for each of these additional facilities.

There are no other changes requested to the licence apart from the aforementioned requested change to Schedule 1. All other provisions remain the same.

I have proceeded without a hearing pursuant to section 21(4)(b) of the Act since no other parties are adversely affected in a material way by the outcome of the proceeding and Pod has requested that the matter be disposed of without a hearing.

I find that the information provided in the application is sufficient to demonstrate that granting the requested amendments is in the public interest. The additional five facilities are owned or operated by Pod and should be added to Schedule 1 of the licence.

IT IS ORDERED THAT:

Schedule 1 of 6732976 Canada Inc.'s (operating as Pod Generating Group) electricity generator licence EG-2007-0684 is amended as requested to add the names and locations of the five generation facilities. The amended licence is attached to this Order.
