RE: EB-2025-0065 EGI 5YR GSP - FRPO Cost Award Submission

We are writing on behalf of the Federation of Rental-housing Providers of Ontario (FRPO) in response to the Board's Decision and Order issued May 21st. FRPO is appreciative that, following Staff's recommendation,¹ the Board provided the opportunity for an adjudicated proceeding given the impact of utility choices on gas supply rates. The process, while truncated, provided a more fulsome opportunity to understand the complexity and interrelated nature of the Gas Supply Plan (GSP).

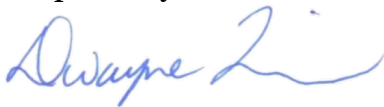

FRPO Continued to have the Lead Role in GSP Assessment

GSP review and assessment have evolved significantly over the last dozen years. From the initial attempts to benchmark and compare the processing and execution of the two respective legacy utility plans,² to understanding the integration of these organizations and their planning processes through the merger. This proceeding was the first opportunity to elicit evidence on the integrated GSP through interrogatories.

Given FRPO's role as the de facto lead intervenor in matters upstream of the monopoly distribution services, we were prepared to solicit data upon which to test the efficacy of the new 5-yr GSP. However, in collaborating with other intervenors, we became aware that a number of intervenors were challenged with the third phase of rebasing in addition to electric LDC proceedings. As part of our work together, FRPO undertook to engage others in issue development, prepare comprehensive IR's, lead the technical conference inquiry and provide advanced drafts of submissions to others to allow other intervenors to focus on other priorities. Our efforts resulted in substantially more hours than other intervenors.

FRPO requests full reimbursement for our reasonably incurred costs.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn
