

NOTICE OF A HEARING

Hydro One Networks Inc. has applied for approval to build a high-voltage transmission line in the Northeastern Region of Ontario

Hydro One Networks Inc. (Hydro One Networks) is asking the Ontario Energy Board (OEB) for:

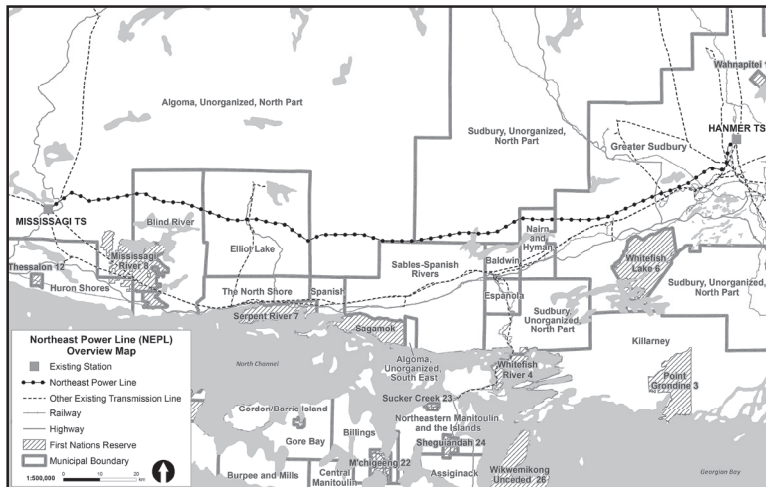

- Permission to construct approximately 205 km of a new 500 kilovolt single-circuit transmission line from Hanmer Transformer Station in Greater Sudbury to Mississagi Transformer Station located in Wharncliffe in the District of Algoma, including associated facilities (Northeast Power Line Project).
- Approval to complete any associated station facility expansions or upgrades required at the terminal stations.
- Approval of the forms that Hydro One Networks will offer landowners to use their land for routing or construction of the proposed line.

The Northeast Power Line Project has been identified by the Ministry of Energy as a priority project that will provide an increase of power transfer capability from Northeast to Northwest Ontario.

The OEB hearing is not the only approval process required before a line is built.

Environmental issues, or issues related to the Crown's duty to consult Indigenous peoples, are not part of the OEB's review unless there is a direct impact on price and the reliability and quality of electricity service.

A map of the proposed route for the transmission line is provided below:

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. The OEB plans to proceed with a written hearing. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenor. After the hearing, we will decide whether to approve the application.

HAVE YOUR SAY

You have the right to information about this application and to participate in the process. Visit www.oeb.ca/notice and use file number **EB-2026-0154** to:

- Review the application
- File a letter with your comments
- Apply to become an intervenor

IMPORTANT DATES

You must engage with the OEB on or before **June 29, 2026** to:

- Provide input on the hearing type (oral, electronic or written)
