JUNE 12, 2026**

1. Technical Conference for Expert Witnesses

In accordance with Procedural Order No. 7, OEB staff canvassed parties during the May 27 to June 2 Technical Conference regarding whether a Technical Conference for expert witnesses was required, and if so which experts should attend.

The OEB has reviewed the transcript, which includes a summary by OEB staff of the results of its discussions with parties. Based on this summary, the OEB is making provision for the following:

A Technical Conference for expert witnesses will be held on **June 18, 2026**, continuing through **June 19, 2026** if required.

The Applicants shall make Concentric Energy Advisors and London Economics International available for this Technical Conference. Time estimates of questions for each expert shall be filed with the OEB, with a copy to all other parties, by **June 17, 2026**.

With respect to OEB staff's third-party experts, the parties were not able to confirm whether they will have questions for these experts, given the fact that interrogatory responses from these experts will not be filed until June 16, 2026. If any party believes that any of OEB staff's third-party experts should also be available for the Technical Conference for expert witnesses, they shall file with the OEB, with a copy to all other parties, time estimates of their questions for each expert by **June 17, 2026**.

This Technical Conference for expert witnesses will be conducted virtually.

2. Motions Hearing

In Procedural Order No. 2, issued March 4, 2026, the OEB made provision, if needed, for a Motions Hearing scheduled for June 23, 2026. This provisional hearing date is hereby cancelled.
