OVERVIEW

On December 22, 2025, Enbridge Gas Inc. (Enbridge Gas) filed a notice of motion to review and vary the Decision and Order in EB-2022-0335, issued on March 27, 2025.

The OEB granted intervenor status in this review proceeding to all parties of record in EB-2022-0335. Intervenors granted cost eligibility status in EB-2022-0335 were eligible to apply for an award of costs for their participation in the current proceeding.

On May 14, 2026, the OEB issued its Decision and Order in which it set out the process for cost claims.

The OEB received cost claims from Building Owners and Managers Association, Environmental Defence Canada, Pollution Probe, and School Energy Coalition. No objections to the cost claims were received from Enbridge Gas.

Findings

The OEB has reviewed the claims filed to ensure that they are compliant with the OEB's *Practice Direction on Cost Awards*.

The OEB finds that the cost claims are reasonable and shall be reimbursed by Enbridge Gas.
