**Subject:** Elexicon Energy EB-2025-0312\_Expert Report

Hi,

I would like to set out the next steps required for the drafting of the expert report by PEG in the case of Elexicon Energy (EB-2025-0312) CIR application.

OEB staff will have to go through an internal review process prior to the issuance of the report. I am therefore suggesting the following next steps:

- Interrogatory responses - May 8, 2026
- First draft of expert report – May 18, 2026
- OEB staff comments (if applicable) – May 20, 2026
- PEG response to OEB staff comments – May 21, 2026
- Filing of expert evidence – May 22, 2026

If PEG could produce the report earlier, staff would appreciate the extra time, but we are aware that the timelines are very tight. Please let me know if you have any concerns with the timelines laid out above.

Thanks,

**Birgit Armstrong**, Project Advisor, Electricity Distribution, Applications
