Attention: Mr. Ritchie Murray, Acting Registrar

Dear Mr. Murray:

**Re: EB-2025-0252 –Alectra Utilities Corporation 2027-2031 Custom Rate
Application for Electricity Rates and Charges – Settlement Conference Status**

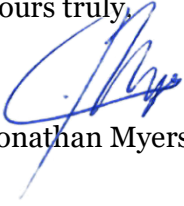

We are legal counsel to Alectra Utilities Corporation, applicant in the above-referenced proceeding (“Alectra”). In accordance with Procedural Order No. 2, Alectra and the intervenors participated in a settlement conference starting May 7, 2026. On May 22 we advised that the parties to the settlement conference had reached a tentative agreement on all issues.

In the May 22, 2026 letter, we indicated that the tentative agreement was subject to the parties (i) confirming that OEB staff, who did not participate in the Settlement Conference, had no concerns with one particular issue; (ii) continuing their discussions through an agreed-upon process and reaching agreement on one issue that could not be finally resolved until all other issues were settled; and (iii) preparing a Settlement Proposal to reflect the terms of the tentative agreement to the satisfaction of the parties. On that basis, we estimated that Alectra would be in a position to file a Settlement Proposal by approximately June 30, 2026, but if this was not possible that an update would be provided to the OEB by June 26, 2026.

As an update, Alectra can advise that the parties continue to work diligently and (i) have confirmed that OEB staff has no concerns with the one issue; (ii) are nearing agreement on the one issue that could not be finally resolved until all other issues were settled; and (iii) are continuing to work on a draft Settlement Proposal. On this basis, Alectra estimates that it will be in a position to file the Settlement Proposal by approximately July 31, 2026.

If you have any questions, please do not hesitate to contact me at the number shown above.

Yours truly,

Jonathan Myers
