Issues:

The owners of the Lands are directly affected landowners. The landowners' primary interest is to receive appropriate notice of the proceeding and how the proceeding will impact, and continue to impact, their ownership of the Lands. The owners are concerned about the impact of the proposed works on their woodlot, which represents a rare example of extant and pristine Carolinian Forest. The landowners intend to continue to work with Hydro One staff to reach a negotiated resolution.

Policy Interests:

The owners are directly affected landowners, as previously mentioned. Therefore, this information is not applicable to directly affected landowners.

Evidence:

The owners are unable to answer this question at this time. The need to file evidence will be contingent on ongoing discussions with Hydro One staff.
