This may seem like a minor monthly increase but for seniors on CPP and OAS this increase along with the water rates, the property tax rate increase of over 8%, my car and house insurance rates, internet costs along with the current high cost of healthy food and gas totals more than \$100 per month. The federal food money does not stretch for a year of food costs. I don't subscribe to cable tv as that just didn't fit in my budget. I very much appreciate the utility subsidy I receive; will that increase alongside this usage increase? Thank you for your attention to this matter.

Respectfully
