Dear Mr. Murray,

EB-2026-0128 – Hydro One Networks Inc. Leave to Construct Application – Longwood x Lakeshore Project – Acknowledgement and Acceptance of Intervenor Registration

The Notice of Hearing, issued June 9, 2026 by the Ontario Energy Board (OEB), outlined that anyone wishing to be an intervenor must register to be an intervenor by June 29, 2026. Hydro One Networks Inc. (Hydro One) is confirming that it acknowledges and accepts the five intervenors that have registered to date on this project. The registered intervenors include:

- Enbridge Gas Inc. (EGI);
- Janice and Lonnie Little, represented by Nemanic Law PC;
- The Corporation of the County of Middlesex;
- The Corporation of the Municipality of Southwest Middlesex; and
- The Ross Firm Group (RFG), representing a cohort of impacted landowners listed in Schedule A of their intervention request form¹.

Further, Hydro One notes that it appears that only 86 clients of the 94 identified in the Ross Firm Group's intervention request, are impacted landowners and/or encumbrancers with respect to the relief sought in Hydro One's leave to construct application.² Accordingly, Hydro One submits that any determination of status and cost eligibility should be limited to those parties directly affected by the Project as noted in the Application.

Hydro One looks forward to the next step in the regulatory process of this priority project and receiving the OEB's first Procedural Order in this Application.

Sincerely,

Pasquale Catalano
