TO: All Parties in EB-2025-0064

**RE: Enbridge Gas Inc. (Enbridge Gas)
2024 Rebasing Application – Phase 3
Ontario Energy Board File Number: EB-2025-0064**

On April 21, 2026, the OEB issued Procedural Order #5 setting out a process to hear Pollution Probe's motion, for Environmental Defence and Green Energy Coalition (GEC) to file intervenor evidence, for Enbridge Gas to file reply evidence, for written discovery on the evidence filed, and for written submissions on the remaining Phase 3 issues.

To date, the procedural steps set out in Procedural Order #5 were completed, except for the filing of written submissions.

On June 23, 2026, Environmental Defence and GEC filed an additional letter requesting that the OEB order Enbridge Gas to provide full and adequate responses to two interrogatories related to Enbridge Gas reply evidence. On June 24, 2026, Enbridge Gas filed a response to Environmental Defence and GEC's request.

To allow for the OEB to consider the additional requests from Environmental Defence and GEC, the OEB is suspending the remaining procedural steps, the dates for filing written submissions, in Procedural Order #5. The OEB expects to issue one decision regarding Pollution Probe's Motion and Environmental Defence and GEC's requests. As part of that decision, the OEB will provide further procedural direction to all parties.

Yours truly,

Ann Zeng
