Dear Mr. Murray:

Re: EB-2025-0312 – Elexicon Energy Inc. 2027-2031 Custom Incentive Rate-Setting (“Custom IR”) Application – Request for Extension to file Undertaking Responses

In accordance with Procedural Order No. 1 (“PO #1”), a Technical Conference related to Elexicon Energy’s Custom IR application took place from June 22 to 25, 2026. During the Technical Conference, Elexicon agreed to 106 undertakings, the responses to which are due on July 6, 2026, in accordance with PO #1.

Given the volume of undertakings, Elexicon is seeking an extension to file its responses by July 8, 2026. For undertakings that require input from Mercer, Elexicon is seeking an extension to July 10, 2026. This additional time will permit Mercer and Elexicon to provide a more fulsome response to these undertakings, where feasible.

Elexicon’s primary contact for this application is Erin Stevens, Director, Regulatory Affairs. Please contact Erin by e-mail at estevens@elexiconenergy.com, or by phone at 289-355-9390, if you have any questions.

Sincerely,
