**Re: Motion to Review and Vary Decision and Order in EB-2025-0286
Extension to File Submissions
Ontario Energy Board (OEB) File Number: EB-2026-0178**

In Procedural Order No. 1, issued July 13, 2026, the OEB set deadlines for written submissions from Impala Canada Ltd. (Impala) and North Star Forestry Ltd. (North Star). North Star's submission is due on July 27, 2026, and any reply submission from Impala is due August 4, 2026. For the reasons set out below, the OEB is extending both deadlines by two days, to July 29, 2026, and August 6, 2026, respectively.

On July 16, 2026, North Star informed the OEB, by letter, that it did not receive a copy of Procedural Order No. 1 and was only made aware of the schedule through a phone call with OEB staff on July 20, 2026. On July 24, 2026, North Star filed a letter with the OEB requesting a two-day extension of the July 27, 2026 deadline for its written submission to account for the inadvertent omission of North Star from the distribution of Procedural Order No. 1. North Star stated that it would not object to a corresponding extension for Impala's reply submission.

The OEB has decided to grant North Star's requested extension and will adjust the procedural timeline in Procedural Order No. 1 accordingly. As requested, any written submissions from North Star shall be filed with the OEB and served on Impala by **July 29, 2026**. Any written reply submissions from Impala shall be filed with the OEB and served on North Star by **August 6, 2026**.
