Issues:

OGVG represents a material number of the contract rate natural gas customers in EGI's distribution franchise area and is accordingly materially affected by changes in distribution rates. We have reviewed the proposed issues list and believe that OGVG has a direct interest in the resolution of all the proposed issues.

Hearings:

OGVG believes a decision as to the type of hearing is best made after the interrogatory phase (or, if provided for, any technical conference).

Evidence:

Based on the record to date OGVG does not intend to provide evidence.

Coordination with Other Intervenors:

OGVG actively coordinates with other intervenors with similar interests to ensure that its participation is as efficient and non-duplicative as possible under the circumstances.

Cost Awards:

OGVG is applying for cost award eligibility, and has been found cost award eligible in all the OEB proceedings for which it has applied for intervenor status in the more than 10 years that it has been applying for intervenor status and cost award eligibility. OGVG notes that, pursuant to section 3.03 a) of the Practice Direction on Cost Awards, OGVG directly represents the interest of ratepayers, specifically greenhouse operations that take service from EGI for natural gas service, mostly within the contract rate classes. As a not-for-profit organization, OGVG does not have other funding sources to ensure experienced representation to participate in and assist the OEB with these regulatory proceedings. Therefore, OGVG would respectfully request a determination of eligibility for cost award in this proceeding. OGVG retains professionals who have experience representing intervenor interests and, OGVG respectfully submits, have assisted the Board in previous proceedings in an efficient and responsible manner.
