Dear Mr. Murray:

Re: SIOUX LOOKOUT HYDRO INC. 2027 COST OF SERVICE APPLICATION- EXTENSION REQUEST
EB-2026-0070

Sioux Lookout Hydro Inc. (Sioux Lookout) unfortunately is unable to file a complete Application by the required deadline of August 28, 2026.

Multiple factors, particularly the recent departure and introduction of new individuals in key project roles, have resulted in an extended amount of time being required to progress the application's development.

Sioux Lookout is working diligently to finish and review its application but respectfully requests a filing extension from the OEB. Sioux Lookout commits to filing its application no later than September 30, 2026 and will make all efforts to submit its filing sooner.

Sincerely,

Kemoya Temple

Accounting and Regulatory Affairs Officer
Sioux Lookout Hydro Inc.
