2027 IRM Rate Application

Please find attached Milton Hydro Distribution Inc.'s (Milton Hydro) 2027 Price Cap IR Distribution Rate Application ("Application"). The Application includes an electronic filing through the Board's web portal (Pivotal UX) and is comprised of the:

- Complete copy of the application in PDF form;
- Excel version of the 2027 IRM Rate Generator model;
- Excel version of the 2027 GA Analysis Workform;
- Excel version of the 2027 ICM Model; and
- Excel version of the 2027 IRM Checklist.

Notice regarding a pending third party matter: Milton Hydro advises the OEB that one component of the Application relies on an agreement with a third party that has not yet been executed as of the date of this filing. Milton Hydro does not consider the Application incomplete on this basis, and is filing on the information currently available. Milton Hydro expects the agreement to be executed in short order. However, in the event the referenced agreement is executed on terms that differ materially from what is reflected in the Application, Milton Hydro may find it necessary to file a revision to the Application. Milton Hydro will notify the OEB promptly upon execution of the agreement, and in any event before the OEB issues its Notice of Application.

Milton Hydro respectfully submits this rate application. Please contact the undersigned if you have any questions.

Sincerely,

Daniel Smith, CPA
