

NOTICE OF A RATE HEARING

Waasigan Transmission Line Partnership has applied for approval of its 2027 Transmission rates

Waasigan Transmission Line Partnership (WTLP) has applied to the Ontario Energy Board (OEB) for approval of electricity transmission rates effective January 1, 2027.

The application seeks orders approving the following:

- A revenue requirement of \$5.4 million for the period of 2026 when the Waasigan transmission line (Phase 1) assets will be placed in-service
- A revenue requirement of \$41.8 million for the full calendar year of 2027
- Inclusion of WTLP's approved rates revenue requirement in the OEB's determination of the 2027 Network pool of the Uniform Transmission Rates
- The establishment of new regulatory accounts, effective January 1, 2027

If the application is approved as filed, the monthly bill of a typical residential customer and a typical general service customer would increase by the following amounts:

Residential (750 kWh)	\$0.32 per month
General Service less than 50kW (2,000 kWh)	\$0.70 per month

Any change to the provincial transmission rate will be reflected on the delivery line of the electricity bill for all electricity customers in Ontario. It is important to review the application carefully to determine whether you may be affected by the proposed changes.
