Dear Mr. Murray:

Re: EB-2026-0066 – Ottawa River Power Corporation 2027 Cost of Service Application for rates effective May 1, 2027 Appendix 3A Confidential Filing Request

ORPC requests confidential treatment of the entirety of Appendix 3A. This appendix to Exhibit 3 is comprised exclusively of usage data relating to a single commercial customer. The information is commercially sensitive and falls squarely within the category of information that is presumptively confidential under section 4.1.1 and Appendix B, item 3 of the OEB's Practice Direction on Confidential Filings, which includes information that would disclose the load profile or energy usage of a specific customer that is not personal information.

Given that the entire appendix consists of this customer-specific information, there is no meaningful redacted version that could be placed on the public record. The Applicant therefore requests that the appendix in its entirety be treated as confidential and provides this description of the document in accordance with section 5.1.4(d)(ii) of the Practice Direction.

The document has been separately filed with the OEB on a confidential basis and will be provided to any party that files a Declaration and Undertaking on Confidentiality with the OEB.

Should the OEB require any additional information in respect of this application, please contact the undersigned.

Yours truly,

Justin Allen
President & CEO
