ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, S.O. 1998, c.15 (Schedule B);

AND IN THE MATTER OF an Application by Enbridge
Gas Inc. for an order or orders clearing certain
commodity and non-commodity related deferral or
variance accounts.

APPLICATION

1. The Applicant, Enbridge Gas Inc. (Enbridge Gas) is an Ontario corporation with its head office in the City of Toronto. It carries on the business of selling, distributing, transmitting, and storing natural gas within Ontario. Enbridge Gas was formed effective January 1, 2019, upon the amalgamation of Enbridge Gas Distribution Inc. (EGD) and Union Gas Limited (Union).
2. On October 31, 2022, Enbridge Gas filed a Cost of Service and Rebasing Application for 2024 rates and for approval of an incentive rate-setting mechanism (IRM) for the following four years under EB-2022-0200. The Ontario Energy Board (OEB) split the Rebasing Application into 3 phases, with Phase 1¹ focused on cost of service rates for 2024, while Phase 2² was focused on setting the IRM for 2025 to 2028. Through Decisions and OEB-approved Settlement Agreements for Phase 1 and Phase 2, the OEB approved deferral and variance accounts for Enbridge Gas to be in effect for the 2024 to 2028 IRM term. Some of the deferral and variance accounts relate to Enbridge Gas as a whole, while some apply to either the EGD or Union Rate Zones.³

¹ EB-2022-0200.

² EB-2024-0111.

³ "Union rate zones" collectively refers to Union North West, Union North East and Union South.

3. Enbridge Gas hereby applies to the OEB, pursuant to Section 36 of the *Ontario Energy Board Act*, 1998, for an Order or Orders approving the clearance or disposition of amounts recorded in certain deferral or variance accounts.

1. Earnings Sharing

4. The OEB has approved, among other things, an asymmetrical earnings sharing mechanism (ESM) during the IRM term period, where each year any earnings in excess of 100 basis points over the OEB-approved return on equity (ROE) would be shared 50/50 between the Company and ratepayers. Further, earnings over 300 basis points above the allowed ROE will be credited to ratepayers on a 90/10 basis.
5. In 2025, Enbridge Gas's actual utility earnings exceeded the OEB-approved ROE by more than 100 basis points. Accordingly, the ESM amount proposed to be shared with ratepayers is outlined at Exhibit C, Tab 2, Schedule 11.

2. Enbridge Gas Inc.

6. The OEB has approved several deferral and variance accounts that relate to Enbridge Gas as a whole (and not to specific Rate Zone(s)). Enbridge Gas requests approval to clear the final balances of certain Enbridge Gas deferral and variance accounts for 2025 as set out at Exhibit C, Tab 1, Schedule 1.

3. EGD Rate Zone

7. Enbridge Gas requests approval to clear the final balances of certain EGD rate zone deferral and variance accounts for 2025 as set out at Exhibit C, Tab 1, Schedule 1.
8. The final balance in account 179-325 Open Bill Extension Deferral Account was brought forward for disposition in 2024. The program was discontinued as of October 31, 2024, and no balance will be recorded in the account going forward. As such, Enbridge Gas requests that this account be approved for closure.

4. Union Rate Zones

9. Enbridge Gas requests approval to clear the final balances of certain Union rate zones deferral and variance accounts for 2025 as set out at Exhibit C, Tab 1, Schedule 1.

5. Relief Requested

10. Enbridge Gas therefore applies to the OEB for such final, interim or other orders as may be necessary or appropriate for the clearance or disposition of the 2025 deferral and variance accounts requested in Exhibit C, Tab 1, Schedule 1. This includes final disposition of certain accounts previously cleared on an interim basis. The proposed manner of disposition is described at Exhibit F. Enbridge Gas proposes to clear the balances in these accounts with the first available QRAM application following the OEB's approval.
11. Enbridge Gas requests that certain information included at Exhibit D, Tab 2, Schedule 2 be treated as confidential under the OEB's Practice Direction on Confidential Filings. Equivalent information has been treated as confidential in prior deferral and variance account clearance proceedings.
12. Enbridge Gas requests approval to close account 179-325 Open Bill Extension D/A.
13. Enbridge Gas requests that this proceeding be heard in writing.
14. Enbridge Gas further applies to the OEB pursuant to the provisions in the Act and the OEB's *Rules of Practice and Procedure* for such final, interim or other Orders and directions as may be appropriate in relation to the Application and the proper conduct of this proceeding.

15. This Application is supported by written evidence. This evidence may be amended from time to time as required by the OEB, or as circumstances may require.
16. The persons affected by this Application are the customers resident or located in the municipalities, police villages and First Nations reserves served by Enbridge Gas, together with those to whom Enbridge Gas sells gas, or on whose behalf Enbridge Gas distributes, transmits or stores gas. It is impractical to set out in this Application the names and addresses of such persons because they are too numerous.
17. Enbridge Gas requests that a copy of every document filed with the OEB in this proceeding be served on the Applicant and Applicant's counsel, as follows:
