

NOTICE OF A RATE HEARING

Toronto Hydro-Electric System Limited has applied to increase its electricity distribution rates effective January 1, 2027

Toronto Hydro-Electric System Limited (Toronto Hydro-Electric System) has applied to the Ontario Energy Board (OEB) to increase its electricity distribution rates effective January 1, 2027.

The requested rate changes are set using an OEB-approved formula, which is tied to inflation, growth, and other factors intended to promote efficiency. If the application is approved as filed, a typical residential customer and a typical general service customer of Toronto Hydro-Electric System would see the following increase:

Residential (750 kWh)	\$2.29 per month
General Service less than 50 kW (2,000 kWh)	\$5.86 per month

Other customers, including businesses, will also be affected.

Toronto Hydro-Electric System has also applied approval to:

- Update the 2027 Revenue Growth Factor, in accordance with the methodology previously approved by the OEB
- Dispose of Revenue Variance Account balance on an interim basis

It is important to review the application carefully to determine whether you may be affected by the proposed changes.

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. The applicant has applied for, and the OEB plans to proceed with, a written hearing. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as

Intervenors. After the hearing, we will decide whether to approve the application.
