NOTICE OF A RATE HEARING

E.L.K. Energy Inc. has applied to increase its electricity distribution rates effective May 1, 2027

If the application is approved as filed, a typical residential customer and a typical general service customer of E.L.K. Energy Inc. (E.L.K. Energy) would see a monthly bill increase of \$5.63 and \$8.05, respectively. E.L.K. Energy has proposed a rate mitigation plan that, if approved, would defer recovery of certain costs to future years and lower the monthly bill increases below what they otherwise would have been.

Rate Class	Mitigated Monthly Bill Impact
Residential (750 kWh)	\$5.63 per month
General Service less than 50kW (2,000 kWh)	\$8.05 per month

Other customers, including businesses, will also be affected.

E.L.K. Energy is also seeking approval for the following:

- Establish a new sub-account to capture the deferral and collection of a portion of E.L.K. Energy's 2027 revenue requirement associated with the proposed mitigation strategy
- Dispose of balances in certain Group 1 (routine) and Group 2 (special purpose) deferral and variance accounts

It's important to review the application carefully to determine whether you may be affected by the proposed changes.

YOU SHOULD KNOW

There are three types of OEB hearings: oral, electronic and written. The applicant has applied for, and the OEB plans to proceed with, a written hearing. If you think a different hearing type is needed, you can write to us to explain why.

During this hearing, we will hear questions and arguments from participants about this case. We will also hear questions and arguments from participants that have registered as Intervenorors. After the hearing, we will decide whether to approve the application.

This hearing will be held under section 78 of the **Ontario Energy Board Act, 1998**, S.O. 1998, c.15, Sched. B

AVIS D'UNE AUDIENCE SUR LES TARIFS

E.L.K. Energy Inc. a déposé une demande d'augmentation de ses tarifs de distribution d'électricité à compter du 1^{er} mai 2027

Si la demande est approuvée telle quelle, la facture d'un client résidentiel type et d'un client de services généraux type de E.L.K. Energy Inc. (E.L.K. Energy) subirait une augmentation mensuelle de 5,63 \$ et 8,05 \$ respectivement. E.L.K. Energy a proposé un plan d'atténuation tarifaire qui, s'il était approuvé, reporterait le recouvrement de certains coûts aux années futures et réduirait les hausses mensuelles des factures à un niveau inférieur à ce qu'elles auraient été autrement.

Catégorie tarifaire	Conséquence sur la facture mensuelle avec mesures d'atténuation
Client résidentiel (750 kWh)	5,63 \$ par mois
Client de services généraux dont la demande est inférieure à 50 kW (2 000 kWh)	8,05 \$ par moi

D'autres clients, notamment les entreprises, seront également touchés.

E.L.K. Energy demande également l'approbation des éléments suivants :

- Établir un nouveau sous-compte afin de comptabiliser le report et le recouvrement d'une partie des besoins de revenus d'E.L.K. Energy pour 2027, liés à la stratégie d'atténuation proposée
- Éliminer les soldes de certains comptes de report et de variance du groupe 1 (ordinaire) et du groupe 2 (à usage particulier)

Il est important d'examiner la demande attentivement afin de déterminer si vous serez concernés par les changements proposés.

À SAVOIR

Il existe trois types d'audiences à la CEO : les audiences orales, les audiences électroniques et les audiences écrites. Le demandeur a demandé une audience écrite et la CEO a l'intention d'y donner suite. Si vous estimez qu'avoir recours à un autre type d'audience serait préférable, vous pouvez écrire à la CEO pour lui présenter vos arguments.

Au cours de cette audience, nous entendrons les questions et les arguments des participants sur cette affaire. Nous entendrons également les questions et arguments des participants inscrits en tant qu'intervenants. Après l'audience, nous déciderons d'approuver ou non cette demande.

Cette audience sur les tarifs sera tenue en vertu de l'article 78 de la **Loi de 1998 sur la Commission de l'énergie de l'Ontario**, L.O 1998, chap. 15, annexe B
