Dear Mr. Murray:

Re: Milton Hydro Distribution Inc. ("Milton Hydro") – 2027 IRM Electricity Distribution Rate Application – OEB File No.: EB-2026-0057
Confidentiality Update

We are counsel to Milton Hydro in the above-noted proceeding. We write further to our letter dated October 15, 2026 (the "**Letter**") to provide an update on the review by Hydro One Networks Inc. ("**Hydro One**") of the documents identified in the Letter and in the below table.

Following recent discussions with Hydro One, Milton Hydro has obtained Hydro One's consent to file the documents in the table below on a confidential basis. Accordingly, Milton Hydro is filing those documents confidentially with this letter. As noted in the Letter, the documents contain information that Hydro One has identified, or may identify, as confidential, proprietary or commercially sensitive, or as information whose disclosure may pose a public security or cybersecurity risk, thereby requiring necessary redactions prior to filing them on the public record.

Consistent with the Letter, Milton Hydro continues to await Hydro One's direction on the redactions required for the public versions of these documents. Milton Hydro will file a further update, together with public versions incorporating any necessary redactions and any associated confidentiality requests, promptly upon completion of this process. In the meantime, filing the enclosed documents confidentially allows the Board and parties in this proceeding to review them without awaiting completion of Hydro One's review, supporting the procedural timetable set out in Procedural Order No. 1.
