Dear Ms. Walli:

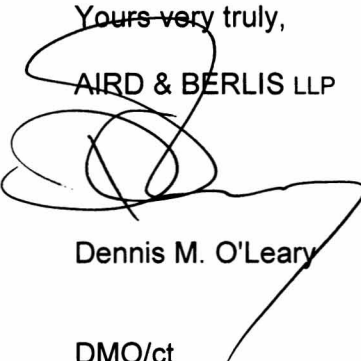

Re: EB-2008-0384 Input Assumptions Update

An inquiry was received in respect of the availability of the materials and reports referenced in Enbridge Gas Distribution Inc.'s ("EGD") filing in this proceeding. As parties are aware, applicable reports and data supporting the various input assumptions are voluminous, running into the thousands of pages. For this reason, a hard copy has not been provided to all parties. EGD has operated under the belief that parties either have access to the reports themselves or would request a copy, if required.

We thought it appropriate to remind parties that EGD remains willing to provide hard copies of any reports referenced in its filing and to make it clear that EGD relies upon the reports and other information referenced in its filing in support of its request for an order approving the updated input assumptions.

Yours very truly,

AIRD & BERLIS LLP
