Dear Ms. Walli:

**Re: Ontario Power Authority
2009 Revenue Requirement Submission
– Notice of Application and Hearing
Board File No. EB-2008-0312**

Pursuant to the Board's Notice of Application dated November 28, 2008, Toronto Hydro-Electric System Limited (THESL) requests Intervenor Status in the EB-2008-0312 proceeding.

THESL is an electricity distributor operating under Licence ED-2002-0497. As an OEB-regulated utility, THESL has a direct interest in all matters of jurisdiction, substance and procedure with respect to the regulation of electricity in Ontario, and in decisions of the Board which may affect THESL's operation in the Ontario electricity market. THESL interacts with the OPA in the delivery of conservation and demand management initiatives, and therefore has a substantive interest in this proceeding.

THESL further requests to be included in the distribution list for any documents, correspondence or updates related to this proceeding.

THESL does not intend to seek an award of costs in this proceeding.

Please direct all your questions or comments to me, by regular mail or by electronic mail to regulatoryaffairs@torontohydro.com.
