Issues:

Three Fires Group (“TFG”) is actively engaged in matters and issues related to Ontario's energy sector and the potential impacts on the First Nations within the Three Fires Confederacy traditional territories, as well as external partners. TFG may, if granted intervenor status in this proceeding, address the following: (i) the impact and consequences of Enbridge’s proposed updates to its IRP Framework for Indigenous communities and Indigenous customers; (ii) aspects of Enbridge’s submissions relating to public policy matters, including those related to narrowing stakeholder engagement and expedited approval timelines; (iii) aspects of Enbridge’s IRP Framework that relate to the ongoing energy transition, including its proposed exclusion of electric-based alternatives from eligibility; (iv) the appropriateness of Enbridge’s proposed IRP Framework update in general, including as it relates to Indigenous stakeholders; and (v) any other matters that promote or otherwise represent the interests of TFG or First Nations more generally.

Policy Interests:

TFG represents the interests of the groups that make up the Anishinabek Nation: the Ojibway, Chippewa, Odawa, Potawatomi, Mississauga, Algonquins, Delawares, and Oji-Cree. TFG therefore believes this question is not applicable to it, but it is available to provide further information on request.

Hearings:

TFG reserves its right to make submissions on the form of hearing following the interrogatory phase of the proceeding.

Evidence:

TFG does not currently expect to file evidence in this proceeding, but reserves its right to do so and will seek Board approval at the earliest opportunity.

Coordination with Other Intervenors:

TFG intends to be an active participant in this proceeding and will act responsibly to coordinate with other intervenors, including Minogi Corp., as appropriate and where common issues may arise.

Cost Awards:

TFG hereby requests cost eligibility in this proceeding. TFG is, in accordance with s. 3.03(b) of the Board's Practice Direction on Cost Awards, eligible to seek an award of costs as TFG is a party that primarily represents an interest or policy perspective that is relevant to the Board's mandate and to the proceeding. TFG represents the interests of a unique and otherwise unrepresented set of First Nation energy customers and consumers in Ontario pursuing energy opportunities and Enbridge initiatives to further economic reconciliation. TFG requests an award of costs in this proceeding on the basis that its participation serves a direct interest and policy perspective that is relevant to the Board's mandate and pressing for Ontario's energy consumers. The Board has granted TFG cost eligibility in several Board proceedings, including each and all of those referred to above in Section 2. TFG therefore submits that it is appropriate for the Board to award TFG costs in the context of this proceeding, and hereby requests cost eligibility.

Language Preference:

TFG intends to participate in English.
