RE: EB-2026-0216 EGI IRP Framework - FRPO Request for Intervention

We are writing on behalf of the Federation of Rental-housing Providers of Ontario ("FRPO") in response to finding the Notice of Application provided by Enbridge Gas Inc. (EGI) on October 30th regarding its proposed Integrated Resource Planning (IRP) Framework modifications.

FRPO is Ontario's leading advocate for quality rental housing, representing over 800 private owners and managers who supply over 350,000 rental suites across the province. Our members believe strongly that the rental-housing sector is best served by a competitive marketplace that offers choice and affordability in the provision of energy services. As a not-for-profit organization, FRPO does not have other funding sources to ensure experienced representation to participate in and assist the Board with these regulatory proceedings.

FRPO has previously assisted the Board in other matters and has been awarded costs by the Board and its principal consultant, Dwayne Quinn, has been a member of the IRP Working Group since its inception. Therefore, FRPO would respectfully request a determination of eligibility for cost award in this proceeding.

ISSUES

In EB-2020-0091, the Board approved a Framework which directed EGI to consider IRP to meet is system needs.[1] The Board's consultation for the review of the IRP Framework resulted in EGI being directed to file an application that would be adjudicated.[2]

The Board's original IRP decision articulates its expectation that alternatives considered are in the best interest of EGI and its customers.[3] As customers of EGI, the rate impact of these proposed modifications and subsequent IRP projects will be paid by our

members. As such, FRPO requests the opportunity to assist the Board with fulsome consideration of this application.

The Notice of Application provides that the EGI has requested a written hearing while the Notice requests input from interested parties on the form of hearing. Given that the proposed changes to the existing Framework are substantial, we believe the best time for that determination would be after discovery through interrogatories and likely a technical conference. Whatever the Board decides, we respectfully request the opportunity to be involved in all aspects of the proceeding that the Board deems necessary.

REPRESENTATION

If the intervention requested is granted, then FRPO asks that further communications with respect to this matter be sent to the following:
