Dear Ms. Walli,

**Re: Update to Rural or Remote Electricity Protection Rate (RRRP) in Hydro One Brampton Networks Inc.'s 2009 Electricity Distribution Rate Application; EB-2008-0186**

On November 7, 2008, Hydro One Brampton Networks Inc. ("Hydro One Brampton") filed its 2009 Distribution Rate Application with the Ontario Energy Board ("the Board"), for new rates to become effective May 1, 2009. Subsequently, by letter dated December 17, 2008, the Board informed the electricity distributors of the approval it has given to the Independent Electricity System Operator ("IESO") regarding the level of charge the IESO may apply to its Market Participants for the Rural or Remote Electricity Rate Protection (RRRP) program. Further, the Board instructed Distributors that currently have a rate application before the Board to file a letter to the Board as an update to their evidence along with a request that the RRRP charge in their tariff sheet be revised to 0.13 cents per kilowatt-hour effective May 1, 2009.

Consistent with the Board's direction, Hydro One Brampton requests that the RRRP charge in their tariff sheet be revised to 0.13 cents per kilowatt-hour effective May 1, 2009.

We trust this letter to be sufficient to update the RRRP rate for Hydro One Brampton's 2009 Rate Application.

Sincerely,

(Original Signed By)
