**Energy Probe Interrogatories – Second Round**

Attached please find two hard copies of the Second Round of Interrogatories from Energy Probe Research Foundation (Energy Probe) to COLLUS Power Corp. in the EB-2008-0226 proceeding. An electronic version of this communication will be forwarded in PDF format.

The attached Second Round Interrogatories were originally sent to Mr. Tim Fryer of COLLUS Power on December 17<sup>th</sup> by our consultant, Mr. Randy Aiken, while I was away from my office due to illness. Now that I have returned, Mr. Aiken has reminded me that we had not formally submitted the Second Round through the Board.

Energy Probe wishes to apologize for the delay in submitting this document.

Should you have any questions, please do not hesitate to contact me.

Yours truly,

David S. MacIntosh  
Case Manager

2009 RATES REBASING CASE  
EB-2008-0226**

**ENERGY PROBE RESEARCH FOUNDATION  
ROUND TWO INTERROGATORIES**

**Interrogatory # 25**

**Ref: Response to Energy Probe Interrogatory # 12**

- a) Please confirm that there has not been any gain on sale or disposal of assets in 2008 and that there will not be any such gain before the end of 2008. If this cannot be confirmed, please provide the gain for 2008.**
- b) Please confirm that there has not been any non-operating income recorded in 2008 and that there will not be any such income related either to scrap sales or any other source of income in 2008. If this cannot be confirmed, please provide the income figure for 2008.**

**Interrogatory # 26**

**Ref: Response to Energy Probe Interrogatory # 13**

- a) The table provided in response to part (a) of the question only includes a breakdown for 2006 and 2007. The question also asked for a breakdown of 2008 and 2009. Please provide this information.**
- b) The interest income shown in the table in response to part (a) of the question shows interest of \$180,655 in 2006, which matches the table in Exhibit 3, Tab 3, Schedule 5. However, the figure for 2007 of \$261,416 shown in the response does not match the figure of \$279,945 shown in the table in Exhibit 3, Tab 3, Schedule 5. Please reconcile this difference.**
- c) Exhibit 3, Tab 3, Schedule 5, page 1 states that “regulatory deferral accounts that were in a receivable position in 2006 resulted in interest revenue”. The table in response to part (a) of Energy Probe interrogatory # 13 seems to indicate that there was a reduction in interest income as a result of the regulatory accounts in 2006 of \$34,406. Please reconcile.**
