Dear Ms. Walli

Hydro One Brampton Networks Inc. ("Hydro One Brampton") hereby requests Intervenor status for the above mentioned Board Proceeding EB-2008-0381 ("Proceeding").

In the Notice of Combined Proceeding and Notice of Hearing ("Notice") issued by the Board on November 28, 2008, it was stated that letters of intervention include a description of how potential intervenors may be impacted by the proceeding.

Hydro One Brampton currently has a substantial balance in account 1562. Further, Hydro One Brampton is in the preliminary stages of preparing its 2010 Cost of Service Rate Application ("Rate Application"). In order to ensure accurate understanding of the determinants of the eventual ruling on Board proceeding EB-2008-0381 and its impacts on Hydro One Brampton's 2010 Rate Application, Hydro One Brampton wishes to receive information, analyze decisions, and potentially provide comments on the Proceeding.

The Notice issued by the Board requested that all parties interested in obtaining Intervenor status provide a Letter of Intervention within 10 days of the date of Notice. Hydro One Brampton regrets the delay in filing its Letter of Intervention.

Hydro One Brampton is not applying for cost recovery associated with the Proceeding.

Sincerely,

A handwritten signature in black ink that reads "Scott Miller".
