Dear Ms Walli:

**Re: London Hydro Inc./EB-2008-0235
Letter of Intervention of the Consumers Council of Canada**

We are counsel to the Consumers Council of Canada (the "Council").

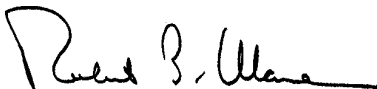

We have been instructed by our client to intervene in the application of London Hydro Inc. seeking approval for changes to its distribution rates. The Council is a non-profit, public interest entity, representing the interests of residential consumers of electricity in Ontario, including consumers in London Hydro's distribution area. The application, if approved, will have a direct impact on the rates paid by residential consumers of electricity. London Hydro indicates that the application, if approved, would result in increases in the delivery charge for residential consumers.

The Council intends to seek an order, at the conclusion of the proceeding, for its costs. The Council has participated in many applications, by both electricity and gas distribution companies, seeking approval of rates. In all of those applications, the Council has been found to be eligible for an award of costs.

We would appreciate your having all notices with respect to the proceeding, and copies of all evidence, delivered to the writer. In addition, copies of all materials should be sent to the Council's consultant, Julie Girvan. Ms Girvan's contact information is: 2 Penrose Road, Toronto, ON M4S 1P1, telephone: (416) 322-7936, fax: (416) 322-9703, e-mail: jgirvan@ca.inter.net.

Yours very truly,

WeirFoulds LLP
