Ms. Kirsten Walli, Board Secretary
ONTARIO ENERGY BOARD
2300 Yonge Street, 27th Floor
Toronto ON M4P 1E4

Dear Ms. Walli:

Re: EB-2008-0187: Hydro One Networks Inc. 2009 Distribution Rates Application.

We are counsel to Rogers Cable Communications Inc. ("Rogers") in respect of the captioned proceeding. Please accept this letter as Rogers' request for intervention herein.

Description of the Intervenor.

Rogers is an integrated cable and communications company that receives electricity for its cable signal amplification power supplies from distributors throughout Ontario, including Hydro One.

Impact of the Application on the Intervenor.

The Board has recently issued a decision in Hydro One's 2008 distribution rate application, under OEB docket EB-2007-0681. Among the directions in that decision is a direction to Hydro One to file a draft 2008 rate order that takes in to account certain reductions from the proposed revenue requirement, and a direction to apply a rate mitigation program in transitioning from 2007 rates to target rates to be reached in 2011.

When Hydro One files its draft rate order, as directed, Rogers will be in a position to assess the impact of the 2008 rates decision on Rogers' Hydro One bills, and to determine whether the directed rate mitigation will apply in 2009. If rate mitigation does apply in 2009, Rogers will have an interest in ensuring that it is properly implemented.

Rogers may have other issues of interest to raise following full review of the pre-filed evidence herein.

Costs.

Rogers does not intend to seek costs in this proceeding.
